

generated January 2025

Bahrain

This report provides a series of summary charts, statistics and other details about the mobilization and use of open-access species data through the GBIF network, relating to users and participating institutions in Bahrain. These metrics show status at the time of report generation, unless otherwise noted. Taken together, the elements of this report can help guide and measure progress toward the information needs for biodiversity research, as well as for national commitments on biodiversity and sustainable development.

► Access and usage

► Data availability in Bahrain

► Data mobilization

Number of records published by institutions in Bahrain, categorized by kingdom

Access and usage

Data downloads on GBIF.org from users in Bahrain

Monthly downloads requested by users in Bahrain

Data availability

Total data available for selected taxonomic groups in Bahrain

Mammals
57
occurrences

Birds
21,136
occurrences

Bony fish
817
occurrences

Amphibians
17
occurrences

Insects
651
occurrences

Reptiles
369
occurrences

Molluscs
409
occurrences

Arachnids
11
occurrences

Flowering plants
1,590
occurrences

Ferns
2
occurrences

Gymnosperms
3
occurrences

Mosses
0
occurrences

Sac fungi
56
occurrences

Basidiomycota
3
occurrences

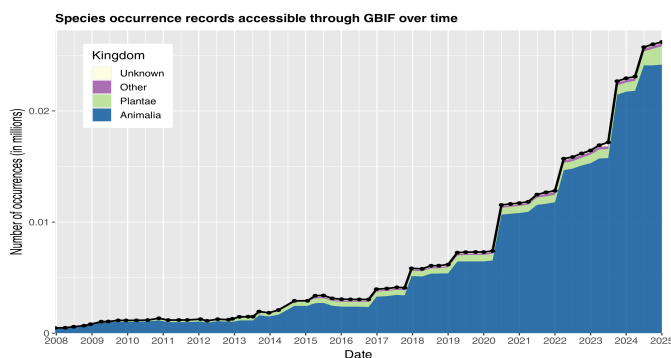

Mammals = Class *Mammalia*
Birds = Class *Aves*
Bony fish = Superclass
Osteichthyes p.p.
Amphibians = Class *Amphibia*

Insects = Class *Insecta*
Reptiles = Class *Testudines*,
Sphenodontia, *Squamata* &
Crocodylia
Molluscs = Phylum *Mollusca*

Arachnids = Class *Arachnida*
Flowering plants = Phylum
Magnoliophyta
Gymnosperms = Superclass
Gymnospermae

Ferns = Phylum *Pteridophyta*
Mosses = Phylum *Bryophyta*
Sac fungi = Phylum *Ascomycota*
Basidiomycota = Phylum
Basidiomycota

Change over time in records about biodiversity in Bahrain

Occurrence records available about species occurring in Bahrain

Species for which at least one occurrence record is available in Bahrain

WHY MIGHT THE AMOUNT OF MOBILIZED DATA DECREASE?

Datasets are sometimes removed by publishers, but more often decreases in the number of records are due to the removal of duplicate records and datasets.

SPECIES COUNTS represent the number of binomial scientific names for which GBIF has received data records, organized as far as possible using synonyms recorded in key databases like the Catalogue of Life

Newest publishers from Bahrain

No data available

Occurrence records downloaded from GBIF.org, published by institutions in Bahrain

See all publishers from this country or area
gbif.org/publisher/search?country=BH

Number of occurrence records downloaded via GBIF.org published by institutions in Bahrain

Data mobilization

Data sharing with country or area of origin by national institutions in Bahrain

Data sharing with country or area of origin

The chart above shows the number of records shared over time by publishers within Bahrain, with separate colours for records about species occurring within undefined and those occurring elsewhere.

Top data contributors about biodiversity in Bahrain

| Rank | Country or area | No. of occurrences |
|------|--------------------------|--------------------|
| 1 | Bahrain | 19,895 |
| 2 | United Kingdom | 2,452 |
| 3 | United States of America | 2,398 |
| 4 | Netherlands | 263 |
| 5 | Germany | 200 |
| 6 | Australia | 155 |
| 7 | Belgium | 141 |
| 8 | Denmark | 121 |
| 9 | India | 75 |
| 10 | France | 58 |

Table 1. Ranking of countries or areas contributing data about Bahrain

Top datasets contributing data about Bahrain

EOD – eBird Observation Dataset. *19,895 occurrences in Bahrain.* (Last updated 27 Sep 2024)

iNaturalist Research-grade Observations. *1,566 occurrences in Bahrain.* (Last updated 30 Dec 2024)

Natural History Museum (London) Collection Specimens. *910 occurrences in Bahrain.* (Last updated 3 Jan 2025)

Royal Botanic Gardens, Kew - Herbarium Specimens. *800 occurrences in Bahrain.* (Last updated 2 Jan 2025)

NMNH Extant Specimen Records (USNM, US). *555 occurrences in Bahrain.* (Last updated 2 Jan 2025)
