## Saint Vincent and the Grenadines

This report provides a series of summary charts, statistics and other details about the mobilization and use of open-access species data through the GBIF network, relating to users and participating institutions in Saint Vincent and the Grenadines. These metrics show status at the time of report generation, unless otherwise noted. Taken together, the elements of this report can help guide and measure progress toward the information needs for biodiversity research, as well as for national commitments on biodiversity and sustainable development.

### ► Access and usage

### ► Data availability in Saint Vincent and the Grenadines

### ► Data mobilization

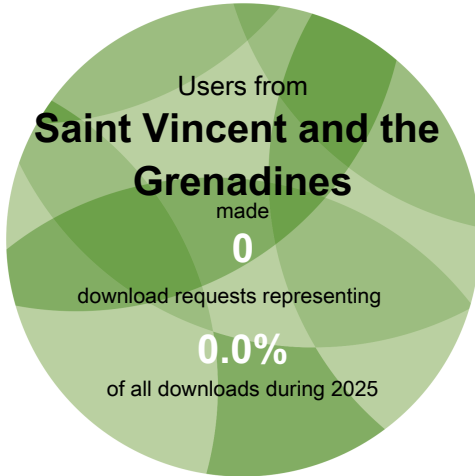

Number of records published by institutions in Saint Vincent and the Grenadines, categorized by kingdom

## Access and usage

### Data downloads on GBIF.org from users in Saint Vincent and the Grenadines

Monthly downloads requested by users in Saint Vincent and the Grenadines

## Data availability

### Total data available for selected taxonomic groups in Saint Vincent and the Grenadines

**Mammals**  
1,647  
occurrences

**Birds**  
57,370  
occurrences

**Bony fish**  
2,056  
occurrences

**Amphibians**  
706  
occurrences

**Insects**  
3,417  
occurrences

**Reptiles**  
3,952  
occurrences

**Molluscs**  
3,486  
occurrences

**Arachnids**  
241  
occurrences

**Flowering plants**  
7,596  
occurrences

**Ferns**  
2,703  
occurrences

**Gymnosperms**  
9  
occurrences

**Mosses**  
416  
occurrences

**Sac fungi**  
937  
occurrences

**Basidiomycota**  
298  
occurrences

Mammals = Class *Mammalia*  
Birds = Class *Aves*  
Bony fish = Superclass  
*Osteichthyes* p.p.  
Amphibians = Class *Amphibia*

Insects = Class *Insecta*  
Reptiles = Class *Testudines*,  
*Sphenodontia*, *Squamata* &  
*Crocodylia*  
Molluscs = Phylum *Mollusca*

Arachnids = Class *Arachnida*  
Flowering plants = Phylum  
*Magnoliophyta*  
Gymnosperms = Superclass  
*Gymnospermae*

Ferns = Phylum *Pteridophyta*  
Mosses = Phylum *Bryophyta*  
Sac fungi = Phylum *Ascomycota*  
Basidiomycota = Phylum  
*Basidiomycota*

## Change over time in records about biodiversity in Saint Vincent and the Grenadines

Occurrence records available about species occurring in Saint Vincent and the Grenadines

Species for which at least one occurrence record is available in Saint Vincent and the Grenadines

### WHY MIGHT THE AMOUNT OF MOBILIZED DATA DECREASE?

Datasets are sometimes removed by publishers, but more often decreases in the number of records are due to the removal of duplicate records and datasets.

**SPECIES COUNTS** represent the number of binomial scientific names for which GBIF has received data records, organized as far as possible using synonyms recorded in key databases like the Catalogue of Life

### Newest publishers from Saint Vincent and the Grenadines

No data available

### Occurrence records downloaded from GBIF.org, published by institutions in Saint Vincent and the Grenadines

See all publishers from this country or area  
[gbif.org/publisher/search?country=VC](https://gbif.org/publisher/search?country=VC)

Number of occurrence records downloaded via GBIF.org published by institutions in Saint Vincent and the Grenadines

## Data mobilization

### Data sharing with country or area of origin by national institutions in Saint Vincent and the Grenadines

Data sharing with country or area of origin

The chart above shows the number of records shared over time by publishers within Saint Vincent and the Grenadines, with separate colours for records about species occurring within undefined and those occurring elsewhere.

### Top data contributors about biodiversity in Saint Vincent and the Grenadines

Rank	Country or area	No. of occurrences
1	Saint Vincent and the Grenadines	54,372
2	United States of America	24,523
3	United Kingdom	4,852
4	Canada	969
5	Venezuela	671
6	Trinidad and Tobago	583
7	Switzerland	578
8	France	424
9	Belgium	361
10	Netherlands	349

Table 1. Ranking of countries or areas contributing data about Saint Vincent and the Grenadines

### Top datasets contributing data about Saint Vincent and the Grenadines

EOD – eBird Observation Dataset. *54,372 occurrences in Saint Vincent and the Grenadines.* (Last updated 29 Oct 2025)

NMNH Extant Specimen Records (USNM, US). *5,430 occurrences in Saint Vincent and the Grenadines.* (Last updated 2 Jan 2026)

iNaturalist Research-grade Observations. *3,667 occurrences in Saint Vincent and the Grenadines.* (Last updated 31 Dec 2025)

Museum of Comparative Zoology, Harvard University. *3,380 occurrences in Saint Vincent and the Grenadines.* (Last updated 30 Dec 2025)

Royal Botanic Gardens, Kew - Herbarium Specimens. *2,117 occurrences in Saint Vincent and the Grenadines.* (Last updated 2 Jan 2026)
